GAINESVILLE, FLORIDA, SUNDAY, MARCH 14, 1909

TEN CENTS A WEEK

## THE TARIFF MEASURE WILL BE DECEITFUL

Bill to Be Reported By Committee Will Not Be the One Enacted Into Law.

WASHINGTON, March 13.—Reports reaching Washington from all parts of the country indicate the importance of the tariff bill about to be reported by the Ways and Means Committee of Congress has been greatly misunderstood by the general public.

The real test as to whether the tariff is to be revised in the benefit of the people at large, or the corporations that supported the present administration, will be the tariff bill that becomes a law. The bill reported by the Ways and Means Committee has no chance whatever of becoming a law as reported. It will not only be altered and realtered on the floor of the House, but when it goes to the Senate it may lose its identity. Knowing that the measure reported by the Ways and Means Committee would draw the closest possible public scrutiny the Republican leaders planned to make it as popular as possible.

If the special interests get in their work at all it will be in the Senate, not in the first weeks of discussion of the tariff bill, but in the closing hours, when the very subject of tariff has become monotonous to everyone, and there is a rush to get the bill passed and on the books.

For instance, when the Wilson bill was reported in the House it was much to the satisfaction of Mr. Cleveland, who favored a tariff measure that would give American manufacturers free raw material, which he believed would enable them to produce as cheaply as the foreigner and thus enlarge the market for American-made goods. The bill removed the duties on wool, coal, iron ore, lumber and sugar, both raw and refined. It made moderate reduction in duties on woolen goods, cottons, linens, silks, pig iron, steel rails, glassware and earthenware. The bill was popular with the people, and the Democratic party was keeping its promise made in the party platform of 1892.

The bill passed the House by a vote of 182 to 106 on February 1, 1894. Sixty-one members did not vote. In the Senate, already in the grip of the interests represented by Wall street, the bill was held up by the Finance Committee two months. Six hundred and thirty-four changes were made, destroying entirely the original character of the measure. Coal, iron ore, lumber and sugar were removed from the free list. Mutilated beyond recognition, the Wilson bill passed the Senate and became a law on August 18.

President Cleveland refused to sign. His life's ambition had been to give the people an honest tariff revision, and his defeat at the hands of the trust-controlled Senate was one of the keenest sorrows of his life.

Shortly after the passage of the Wilson bill Mr. Cleveland, with courage undaunted, wrote the following letter to Mr. Catchings of Mississippi:

"Tariff reform will not be settled until it is honestly and fairly settled in the interest and to the benefit of a patient and long suffering people. The trusts and combinations—the communism of self—whose machinations have prevented us from reaching the success we deserved, should not be forgotten nor forgiven."

Probably the average reader has misinterpreted the real significance of the bill of the Ways and Means Committee. As a matter of fact, the real tariff tug of war is just beginning. The first step will be the reference of the bill to the new Ways and Means Committee, which will contain members who did not serve on the old committee. Whether these members will care to make their points in committee, or reserve them for the open House, cannot of course now be stated. The bill may be reported back promptly, and the battle begin in the Committee of the Whole.

With the bill thus before the House it will be subject to amendment, and an amendments entitled to debate. There are 391 members of the House, and every one of them will be interested in the bill. Men from the cotton goods section, men from the sugar and rice sections, and men from the cattle-raising sections will all want to be heard, and will be entitled to the floor.

Probably carrying many changes from its original form, and some new features, the bill goes to the Senate. There it is referred to the Finance Committee. After examination it is reported back to the Senate, and there is again open to amendment.

Next comes the conference between the two houses with a view to compromising. "I'll support your schedule if you will mine," is the general rule, and the public generally gets the worst of this policy. Finally the bill passes and is ready for the signature of the President. If he likes it, he signs it; if not he vetoes it, and if he returns it with a veto a two-thirds vote in both houses is necessary to enact the measure into law.

## Dr. Smith's Fine Home Destroyed at Anthony

ANTHONY, March 13.—About 12 o'clock Thursday night the alarming peals of a fire bell were heard and the slumbering town was awakened to find the house of Dr. D. A. Smith on fire. The flames had already eaten into the roof of the kitchen and dining-room, which was falling in when discovered by Miss Mattie Carroll, who slept in a room adjoining the dining-room. Quite a crowd gathered in a remarkably short time, and succeeded in saving a good deal of the furniture, but much was lost. The inmates of the house were asleep until the fire had gained such headway that they had no time to lose. No effort was made to extinguish the fire, as it would have been useless. Some of the neighboring houses would doubtless have burned had it not been for the

fact that the recent rains and a drizzly night had made the roofs wet, and there was not much wind. The cause of the fire is unknown, but is supposed to be incendiary, or rats, as no fire had been burning in the kitchen during the last half of the day. Dr. Smith's house was built about one-fourth of a century ago, of the best material. It was a large, high-pitch, one-story structure, and framed of heavy timbers, and was burning quite a while for a one-story house. One loss, in which all the neighbors, especially the ladies, feel a common pang, is the burning of two very large japonicas planted in the early history of the place, one white and one red. The white had passed through the season of blooming, but the red had more than a thousand blooms when

## UNIVERSITY NOTES

Several young teachers have recently entered the University to more fully prepare themselves for their vocation. They are all taking the short course in pedagogy.

The edges of the driveways through the campus are being planted with decorative shrubs. The work is nearly completed and already adds much to the appearance of the grounds.

The last meeting of the Athenaeum Club was held at the home of Prof. Scott on Friday evening. The host read a paper on "Agricultural Organizations."

Prof. Vernon's "Correspondence Course in Agriculture" has become so popular throughout the State that it was found necessary to secure for him an assistant. Mr. Ezell, a recent B. Sc. graduate of Clemson, was selected for this position and has already entered upon his duties.

President Sledd left Saturday morning for Island Grove to deliver an address on "Education for Service." This lecture was one of the series offered by the committee on extension work.

On May 20, "Farmers' Day" at the DeFuniak Springs Chautauqua, Director Rolfs of the Experiment Station will deliver an address on "Diversified Farming." Special excursion trains will be run on that day from Pensacola and River Junction.

Farmers' institutes have been held recently at Long Bridge, Bradford county, and in Pasco county. At the former place addresses were made by Professors Rolfs, Scott and Blair; at the latter by Professors Rolfs and Scott.

A magnificent tropical orchid (*Oncidium lancilatum*) is now in full bloom at the green house and is attracting many visitors.

Dr. Straughan, of the Bureau of Chemistry, Washington, D. C., left Friday morning for his home, after arranging for further experiments with sweetcorn. These experiments are being carried on in co-operation with the Experiment Station. The work was begun five years ago.

The station is now distributing packages of seed of the Lyon bean, a new introduction from the Philippines. This bean rivals the velvet bean, and may even surpass it. The station is also preparing to distribute in April small packages of natal grass. This grass took the first premium at the Ocala Fair. Like crab grass, it grows as an after crop in the corn or vegetable field.

The exhibit of the University and Experiment Station at the Tampa State Fair attracted a great deal of attention, and now numerous inquiries are being received from all sections of the State concerning features of the display.

Bulletin 97, on "Fungus Diseases of the White Fly," has been prepared by Dr. Berger and will shortly appear. Bulletin 98, "Scaly Bark on Citrus," has just come from the press and is now ready for distribution. The author, Prof. Fawcett, has in this done a very careful piece of work.

The last number of the student publication, The Florida Pennant, appeared with a new cover design that is very attractive. The contents are of the unusually creditable nature.

Dr. Flint's study of snakes is being continued, although the work is handicapped by the smallness of the number of snakes he has been able to secure. At present he has only three varieties in his cages. He would be very glad to receive donations of live snakes.

It is not known what course Dr. Smith will pursue, but it is confidently hoped he will rebuild at once. There was insurance on both the house and the furniture.

Want advertising is a force which you can harness, and with which you can drive your plans and purposes to any desired destination.

## OYSTER BAY GIVES ROOSEVELT RECEPTION

Ex-President Has Cordial Greeting for His Neighbors. Many Children Were Present.

OYSTER BAY, N. Y., March 13.—Ex-President Roosevelt and Mrs. Roosevelt were the guests of Oyster Bay last night at a reception in the town hall.

For everyone the ex-President had a hearty greeting and with many he chatted pleasantly for a minute or more. Almost every mother in the village brought with her her children. Mr. Roosevelt was especially pleased to see them.

The people filed by in single column. Soon he was busy shaking hands and exchanging greetings. The line, composed of men, women and children, moved slowly, because Mr. Roosevelt had something to say to almost everyone.

A tall colored youth remarked to Mr. Roosevelt: "I've carried the Roosevelt banner in two campaigns and I hope to have the honor of doing so again."

To this Mr. Roosevelt replied:

smilingly: "Time alone will tell whether you are to be afforded that opportunity."

When Mr. Roosevelt saw the young boys he was particularly pleased. Some told him they wished him success in shooting lions and he responded that he knew he would be successful. A bystander, who had been posing as a newspaper reporter, went up to Mr. Roosevelt and, holding out a number of papers, asked him to sign his name. Mr. Roosevelt declined, saying he did not know what the papers he was asked to sign contained. The papers the man held were dropped at Mr. Roosevelt's feet and the man hurried out. The papers were a court order directing the taking of Mr. Roosevelt's deposition in the case of Peter A. Juley vs. the Town Topics Publishing Company. At the conclusion of the reception the former president and Mrs. Roosevelt drove back to Sagamore Hill.

## BONNIE MELROSE.

MELROSE, March 13.—One of the most delightful functions of the season now drawing rapidly to a close, was the card party given by Mrs. M. M. Cochran and Mrs. E. Marshall at the Huffman House on Wednesday night.

The large parlor was most artistically decorated with long branches of Cherokee roses and yellow jessamine. After all the guests, of whom there were over forty, had assembled delicious refreshments were served, among which the Turkish Delight candy deserves special praise. Most of those present joined in the game of euchre which followed, while others amused themselves with various games in another room. Numerous very pretty prizes were presented by the charming hostess to the happy winners. Altogether it was a most enjoyable evening.

Miss L. Mack left Sunday for Highland, where she has accepted a summer school.

The Melrose citizens are much pleased to see the placing of the poles for the long distance phone. The line will run from here to Campville.

The cemetery cleaning on the 9th inst. was attended by a large crowd and by noon the work was all done in the best manner, after which a bountiful

basket dinner was enjoyed by all. The Melrose Chapter of the Eastern Star will meet on Tuesday, 16th, at 7 p. m.

A delightful moonlight trip in Mr. Hamlyn's motor launch on Tuesday was much enjoyed by all present. Mr. Water's Victor talking machine gave much pleasure, furnishing music for the occasion.

A good rain of 1.25 inches fell on Wednesday and was duly appreciated by the farmers and orange growers.

A new arrival at the Huffman House is Mrs. F. J. Aubeuf of Oveida, New York.

## Hadn't Been Admitted.

P. M. Padgett, the well-known and popular turpentine operator at New River, was in town Monday. Mr. Padgett came over to look after the interests of some of his colored employees who were to be arraigned before Judge Dekle for trial and was much disappointed when the Judge ruled against his appearing as attorney. He was loaded to the brim with legal lore and was preparing to cross-examine a witness to a standstill when the Judge asked if he had been admitted to the bar. He had to admit that he had overlooked this preliminary and the court held that he could not conduct the case.—Starke Telegraph.

## Exposition at Seattle Will Be Completed June 1

SEATTLE, March 13.—Following a careful survey announcement is made that the Alaska-Yukon-Pacific Exposition is 95 per cent completed. The opening date of the Seattle show is not until June 1, but the directors have taken no chances of failing in the promise that this is "The Fair That Will Be Ready."

Excepting only the Government buildings all the principal structures on the grounds are completed and ready for the installation of exhibits, which has already begun. Work on the elaborate buildings that will house the exhibits from the Philippines, Hawaii and Alaska is being rushed by an army of workmen. The Government's forestry building is still in course of construction, but so nearly complete that its striking proportions, particularly its pergola of gigantic fir trees, is in full view.

A large corps of landscape gardeners are setting out the millions of

plants which will later make the grounds a riot of color. Everywhere is seen the cactus dahlia, which is the official flower of the Exposition. In one vast bed there are more than 200,000 tufted English pansies.

So nearly complete is the electrical system of the Exposition that night tests have been made that give a foretaste of what the fair will be as an electrical spectacle. Illuminated cascades, over which fall 40,000 gallons of water a minute, are a feature of the decorative scheme, and in the inner court are a million incandescent lamps, besides are lights for illumination. Above all looms the Alaska shaft like a huge flame.

Within a few days the last stroke of work will be done on the turnpikes along the shores of Lakes Washington and Union, upon which the Exposition stands. The paving of the streets, boulevards and courts has been completed.

## CATHERINE HAILE MADE GOOD GAIN

MISS ELLIS ONLY LEADS MISS  
DUPREE BY \$,895.

The Race Between Three Leaders  
Has Been Fast and Furious  
During Past Week.

The voting in the piano contest Saturday closed the most interesting week of the contest. Just one month more and the contest will end, when someone will be awarded the handsome piano. Who it will be the final count on April 15th alone will tell, and from now on there will probably be many surprises. Catherine Haile has made a good gain during the past week, and this little lady is going to have to be reckoned with in the last count.

Following is the vote:

Miss Dorian Ellis, city.....	1,301,070
Miss Bessie Dupree, city.....	1,292,175
Miss Catherine Haile, city.....	1,132,205
Miss Florrie Strickland.....	507,880
Miss M. Daughtrey, city.....	217,105
Miss Mary McCormick, city..	85,985
Miss Alma Fennell, city.....	75,300
Miss Nannie Dickinson, city..	73,415
Miss Mabel Sanchez, city....	57,360
Miss Julia Carter, city.....	55,205
Miss A. Groff, Newberry.....	39,060
Miss Jessie Evans, city.....	31,340
Miss Estelle Beal, city.....	29,300
Miss A. Strickland, Waldo....	28,135
Miss Emma Hudson, city....	26,020
Miss Annie Beville.....	20,015
Mrs. I. Ware, High Springs..	14,130
Miss Elvena Staf, Waldo.....	13,315
Miss Goldie Lambert, city....	6,290
Miss Lizzie Sheppard, Bell...	6,005
Miss K. Carlton, Micanopy...	5,590
Miss M. Fernandez, city.....	4,265
Mrs. A. W. Sargent.....	4,130
Miss Mary Thigpin, city.....	3,850
Miss L. Sanders, Hawthorn...	3,650
Miss Ruby Albright.....	3,100
Miss Kittie Tharin .....	150

### Good Liniment.

You will hunt a good while before you find a preparation that is equal to Chamberlain's Liniment as a cure for muscular and rheumatic pains, for the cure of sprains and soreness of the muscles. It is equally valuable for lame back and all deep-seated muscular pains. 25 and 50-cent sizes for sale by all druggists.

## AMUSEMENTS

### Wills Musical Comedy Co.

On Thursday, March 18th, the Wills Musical Comedy Company come to the Baird Theatre for three nights, presenting on the opening night "A Trip to Atlantic City."

The Wills Company are favorites everywhere. The Atlanta Journal says of them: "Wills' Musical Company are Atlanta favorites; better than ever before."

### Lou J. Beauchamp.

Go to the Tabernacle Wednesday night and hear Lou J. Beauchamp. "The thinker who makes you laugh, the humorist who makes you think." Below are some press clippings showing his success as a lecturer.

The Daily Gate City, Keokuk, Ia., says: "Beauchamp is the best ever." The Manager Massey Hall, Toronto, Canada, says: "Massey Hall seats 5,000; we turn people away when Beauchamp is announced to speak."

The Star, Independence, Kansas, says: "Lou Beauchamp is the king bee of humorists. Left a great audience with light hearts and aching sides last night."

E. A. Pound, superintendent, Waycross, Ga., public schools, says: "We thank you for sending us Beauchamp."

He carried the audience by storm. If you have any more like him, always send them along. I place him against any of them. Not only does he keep an audience roaring, but he makes you think and give you something worth thinking about."

### Electric Theatre.

Many of the patrons of the Electric Theatre having been unable from one cause or another to attend last week and hear John Ennor describe the wonders of our grand country and see his beautiful illustrations, by request arrangements have been closed with him to give two double bills on Monday, Tuesday and Wednesday nights, March 15, 16 and 17. On these nights he will present the wonders of the Sierra Mountains, Salt Lake City, the grand trees of California, Denver, Washington, San Francisco, including the hole called China Town in that city, the petrified forest and noble scenery of Arizona, Pike's Peak, the Cliff Dwellers' ancient residences with the small remnant of these people still alive, and a thousand other views of American history and scenery, all forming educational lessons that no parent can afford to allow their growing school children to miss. Not alone will these entertainments be of profit to the children, but grown persons will find in them much that will prove object lessons in American history that the text-books fail to

mention. The opportunity is a rare one and should not be overlooked.

Mr. Ennor has in his possession the largest, most complete line of photographic scenes taken direct from nature that there is in the world, and his descriptions of them are gems of oratorical production.

If possible everyone should be present the nights mentioned. The moving pictures will have their place in the exhibition as usual and are all new and fresh.

As was stated in Saturday's edition of The Sun, the afternoon performances at the Electric Theatre have

been discontinued until cool weather, but the price, ten cents, is and will remain the same as usual.

## GOV. A. W. GILCHRIST URGES ATTENDANCE

EDUCATE YOURSELF ON THE  
TUBERCULOSIS QUESTION.

Exhibit to Be Held Here on March 18  
Highly Instructive and  
Beneficial.

The one day Health Institute to be held in this city on March 18 and morning of 19 promises much for all from a general health standpoint.

The exhibit is one that will really interest all, besides it will teach you in a scientific way how to combat with the dreaded disease of consumption.

The following is the Governor's proclamation covering the question:

"There is now being conducted a campaign of education for the study and prevention of tuberculosis in this State. Tuberculosis has been well described as the 'great white plague.'

The United States census report for the year ending May 31st, 1900, shows that total deaths of the white race for that year was 892,092. Of this number 89,963, not quite ten per cent, died from consumption. Of the colored race the total deaths were 147,002; 22,236, about fifteen per cent, being from consumption. The total estimate in Florida was 6,482. 559, less than 9 per cent, died from consumption. Of these 559, 269 died between the ages of 15 and 24.

"The State Board of Health estimates that the money cost of tuberculosis, including capitalized earning power lost by death, exceeds \$8,000 per capita. Estimating the number of deaths in 1906 upon this, place the total annual cost in the United States at \$1,100,000,000 per annum. The cost of suffering to those who have this dread disease cannot be estimated.

"The State Board of Health states that 'scientists not only think, but believe that the disease can be checked, and not only checked but obliterated and effaced from the earth, if a well-organized attempt is made in the direction of assistance, and with keen-sighted educational measures and supervision.'

"Keen-sighted educational measures are now being conducted in the State under the leadership of the National Association for the Study and Prevention of Tuberculosis. This campaign is being conducted with the co-operation of physicians, health officers, business men and commercial clubs, women's clubs, labor organizations, church societies, fraternal orders, schools and colleges and the newspapers.

"I, therefore, recommend: That all the people residing in this State take advantage of the opportunities now offered them, without cost, to become posted upon, and to preserve their health from this dreaded disease.

"Done at the executive office, this third day of February, 1909.

"Witness my hand and the great seal of the State of Florida.

"ALBERT W. GILCHRIST,  
Governor.

"By the Governor. Attest:  
"H. CLAY CRAWFORD,  
Secretary of State.  
Tallahassee, Florida."

## BURKIM'S PIANO CONTEST.

High School Makes Big Gain During  
the Past Week.

Unless the band get up and hustle they will be in the balance judging from the way the High School supporters piled up the vote in the contest during the past week. Even Capt. Alvarez made a good healthy start to reach first, and as interest is now increasing it behooves the interested ones to get busy.

Following is the tabulated score up to last night:

Kiss Dorian Ellis (Band).....	163,206
High School .....	162,890
Capt. Alvarez .....	72,280
Mamie Cannon .....	12,895
Sallie Beville .....	5,490
Miss Shands .....	3,490
Anita Groff, Newberry.....	2,490
Mary Fernandez .....	400
J. W. Gleason .....	175
Florence Graves .....	125
Emma Lee Hudson .....	100

L. J. BURKIM.

## A SUCCESSFUL EDUCATOR.

Alachua County and the South Florida Normal Institute.

It may interest the readers of The Sun to know how Alachua county is represented in the South Florida Normal Institute, Dade City.

In the faculty, Gainesville is represented in P. W. Corr, the president, and Miss Alys May Corr, teacher of Latin and science. Hawthorn is represented by J. W. Sanders, first assistant. Lochloosa is represented by Miss Ida Jackson, who has charge of the eighth grade.

In the student body are the following: Miss Lois Mikell, Wannee; Miss Bertha Love, Trenton; Misses Dona and May Ford, Melrose; James Jackson, Lochloosa; Louise Cone and Myrtle Sanders, Hawthorn.

The South Florida Normal Institute is represented in the teaching force of Alachua county by Miss Ella Wilson, Jonesville school; Miss Zeffie McCaskill, Center school; Miss Annie Lee McDonald, primary teacher in Hawthorn school; W. N. Gaskins, Stroble school; by Miss Orrie Smith, E. W. Gideons, Clarence Sowell.

The attendance in the Normal department is more than double at this time last year. New students are arriving every week. The buildings have grown from one to three. The seating capacity has been more than doubled. Already Prof. Corr is receiving applications for teachers for next term.

## Colgate's Letter to Salley & Co.

New York, March 9, 1908.  
Messrs. Salley & Co.,  
Gainesville, Fla.

Dear Sirs: We have had sent to us a copy of the daily "Sun" of your town of Feb. 28th, in which you advertised our Octagon Soap at 7 bars for 25 cents.

We respectfully call your attention to the matter that this is a cut price; that we do not furnish our soap to dealers to cut prices and demoralize the trade, and ask if you will not kindly discontinue this practice of selling Octagon Soap at a lower price than 6 bars for 25 cents.

Will you kindly favor us with a reply, as per enclosed address, and oblige Yours very truly,  
(Signed) COLGATE & COMPANY.

## Delegation Returns.

The greater part of the delegation that visited Miami to attend the State Convention of Knights have returned to the city. They report having had a pleasant trip and that the hospitality of the Miami people was grand.

## A Tonic or a Stimulant?

Ayer's Sarsaparilla does not stimulate. It does not make you feel better than you had before. There is not a drop of stimulant in it. You have the steady, even gain that comes from a tonic. Ask your doctor all about this. Trust him fully, and you will be cured.

## COUNTY SCHOOLS ARE CLOSING FOR TERM

ALL SIX MONTHS SCHOOLS WILL  
END THIS MONTH.

The Eight Months Schools Will Commence to Close Next Month.  
A Prosperous Year.

The public schools of Alachua county are now closing for the term, and nearly all of those taught for only six months will be completed within the next week.

A large number of the schools closed during the past week, but next week will witness the closing of about everything except those that have an eight-months term.

Superintendent Kelley stated Saturday that this had been one of the most successful scholastic years in the history of the county, and he felt that much good had been accomplished by the competent corps of teachers engaged by the board to look after the destinies of the children.

The reports show that the attendance has been remarkably good, and schools that have never had much marked up to their credit had the past term taken advantage of past experience and done good work.

## Left Fat; Back Slender

(By "Footlights.")

Glau and his overweight chorus from the "Aeroplane" company have returned to New York in what may be described as greatly reduced circumstances. Not as to finances, let it be said, nor yet in numbers, glory be, but in avoirdupois—that is to say, gross flesh. The entire galaxy has lost out in this respect, much to its advantage.

It seems the people out West will support slim ballerinos, and no other, and our famous "balloon chorus" carried, so to speak, no weight with them. They treated that prize collection of fat New York beauties with an unprecedented coldness. Consequently, Glau faced the problem of reducing the entire front and rear rows at once, or shipping them back—"excess" baggage. It was a terrific job, as all who saw the "Aeroplane" before it left this tolerant town will admit, but our ingenious townsman tackled it and succeeded—broke all records, in fact. And thereby hangs a tale worthy of any fat lady's attention.

Glau didn't rehearse his flock into shape, nor starve them into line, nor yet worry them, verbally, into shadows. He paid salaries regularly and let them eat and drink as they listed. He simply hung up a new rule in the dressing-room to the effect that every lady less than five foot seven who weighed in excess of 150 pounds must take a teaspoonful after each meal and at bedtime (or about where her bedtime ought to be), of the following: One-half ounce Marmola, ½ ounce Fluid Extract Cascara Aromatic, and 3¼ ounces Peppermint Water.

They did it and in a month averaged a loss of a pound a day apiece. "That's a dandy receipt," says Glau. "Simple, pleasant, harmless and a worker from the word 'go.' Wish I could get a railroad rate reduced half as good."

## Will Have Fine Dairy.

C. R. Copeland and H. N. Owens will have charge of the East End Dairy, now owned by J. S. Goode of this city. They will make many necessary improvements there and propose to have the finest sanitary dairy in the State. Both are experienced workers in the business and they solicit your patronage, assuring you of the best service it is possible to give. Their phone number is 261 and they will have at all times milk, cream, butter and butter-milk.

## Wormology.

Should be studied by every parent. If your child is nervous, fretful, starts in it's sleep, is pasty faced, has rings under its eyes, always seems hungry, is not gaining weight, you can be sure the trouble is worms. White's Cream Vermifuge is an absolute cure for worms. Is it's own purgative. Sold by W. M. Johnson.

## —YOU HAVE TO YOUR CREDIT IN THIS BANK—

A. M. CUSHMAN, Agent, Gainesville, Florida

NEWS OF CITY AND  
COUNTY CONDENSED

A. Goolby, one of the planters of Hague, was greeting his numerous Gainesville friends yesterday.

Capt. R. S. Bradley, a successful vegetable grower of Wacahoota, was among the visitors to the city yesterday.

Thos. McCredie of Micanopy was in the city yesterday. He is an extensive vegetable man of that section of the county.

B. W. Blount, vice-president of the Peninsular Naval Stores Co., Jacksonville, was in the city yesterday looking after business matters.

Mrs. P. M. Colson and daughter, Miss Pearl, returned yesterday from a pleasant visit of a few days to Trenton, where they visited relatives.

J. G. Beville of Arredondo was in the city yesterday. He states that cabbage and lettuce are now moving from that point in large quantities.

The Alachua County Abstract Company have a change of ad. in today's paper to which your attention is directed. Read what they have to say.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. J. W. McCollum & Co.

Mr. and Mrs. Clarence D. Webster of South Oak avenue are rejoicing over the arrival of a fine eight-pound boy which arrived on Saturday morning.

C. A. Lindsey of Bronson was in the city yesterday. He has recently engaged in the wood business and was here for the purpose of securing choppers.

Conductor W. R. Brice, who runs between Cedar Key and Jacksonville, was among the visitors to Gainesville yesterday. He was accompanied by his wife, who came on a shopping expedition.

Five-room cottage to rent on block adjoining square, formerly occupied by W. L. LeGrande; city water, electric lights, sewerage, bath, and all modern conveniences. Apply to Mrs. H. H. McCreary or Sun office.

H. H. Burrough and wife of Pennsylvania arrived in the city yesterday and will be the guests of Capt. L. E. Barker and wife for the next several days. They are former residents of Florida, having lived at Green Cove Springs.

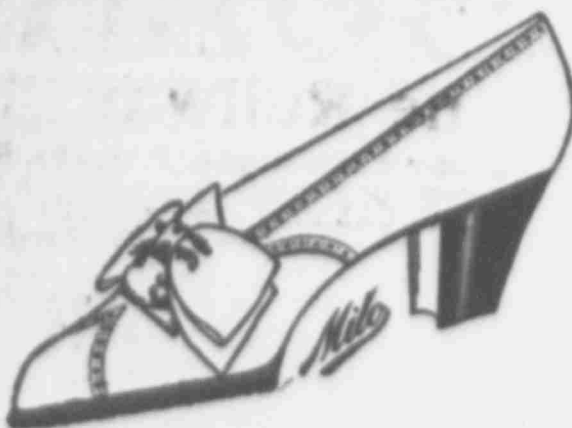

E. R. B. Kite of Orange Heights was in the city yesterday. He was a former conductor on the Seaboard but is now living the "simple life," and declares that he was never as well off in every way, raising all that he needs on his little farm.

Hon. Chas. A. Choate of Tallahassee made a pleasant call at The Sun office yesterday. He is an old friend of the editor and is well-known to many of the people of Gainesville, being the author and compiler of "Choate's Digest" of the laws of Florida.

"From him that hath not shall be taken away, even that which he seems to have." This quotation has increased meaning to the man who has lost his home on account of his neglect in not HAVING an ABSTRACT OF TITLE to his home and curing the defects shown thereby. Do not neglect this important matter—Do it today.

## CAPUDINE for "THAT HEADACHE."

Out last night? Headache and nervous this morning? Hicks' Capudine just the thing to fit you for business. Clear's the head—braces the nerves. Try it. At drug stores.

## SAVE MONEY! MAKE MONEY!

St. Patrick's Catholic Church, Rev. P. J. Lynch—Mass will be held at 10 a. m. Devotion of the Holy Rosary at 4 p. m.

## A Religious Author's Statement.

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy. J. W. McCollum & Co.

## Nuisance Should Be Stopped.

Now that certain streets have been repaired the law covering the riding of bicycles on the sidewalks should be rigidly enforced. Complaints were made to the reporter both on Friday and Saturday of this continued practice. Friday a lady was run into near the school house and on Saturday a little white girl was knocked down by one of these reckless riders. In both instances the riders were darkies.

## A Swollen Jaw

Is not pretty nor pleasant. Whether it's caused by neuralgia, toothache or accident, Ballard's Snow Liniment will reduce the swelling and relieve the pain. The great and sure cure for rheumatism, cuts, burns, bruises, scalds—any and all aches and pains. Sold by W. M. Johnson.

## MISS BESSIE KING ENTERTAINS.

Gives Whist Party in Honor of Miss Ruger.

A delightful social event which was greatly enjoyed and will long be pleasantly remembered by those participating was the whist party given Tuesday evening by Miss Bessie King in honor of her charming guest, Miss Ruger.

The pretty home of Mrs. J. D. Stringfellow (where Miss King lives) was artistically decorated for the occasion with handsome pot plants and dog-wood bloom in profusion.

There were six tables at cards, and a bevy of young people not indulging in the game "made merry" with social chat and laughter, on the comfortable moon-lit veranda.

During the course of the game fruit punch was daintily served by the young ladies assisting Miss King in entertaining her guests, and at the close of the evening a delicious course of sherry, cream and cake was enjoyed. Miss King always excels in entertaining, being possessed of a gracious manner which makes everyone at ease in her home.

Miss Ruger, by her affable disposition and charm of manner, is making many friends in Gainesville.

At a late hour this enjoyable party came to a close, the guests reluctant to end so pleasant an affair.

## LETTER TO T. B. ELLIS,

Gainesville, Florida.

Dear Sir: How two men differ! N. Avery, Delhi, N. Y., had two houses painted two ways; the houses alike, same painter, different paints. One paint 6 gallons; the other 12.

A dealer there who was selling the 12-gallon paint, threw it out and put in the 6-gallon paint.

Do you see why? The less-gallons paint cost less for the job by 6 gallons of paint and 6 days' labor: \$10.75 for paint and \$12 to \$24 for labor (according to painters' wages \$2 to \$4 a day.)

A dealer in paint at Malone, N. Y., was selling this 6-gallon paint, was offered the 12-gallon paint for 15c less a gallon, and took it! To make that extra 15c a gallon, he saddles a loss of \$22.75 to \$34.75 a job on his customers. What if they find it out?

The people had better lookout for that \$22.75 or \$34.75, whichever it is—we don't know what painters' day wages are there.

The two paints are Devoe and another sold at the same price by the gallon. Will you figure out that 12-gallon paint: what a man can afford to pay for a gallon of it?

The answer is: (if you figure it right) taking wages \$2 a day: A man could afford to put on that paint if somebody pays him 12½c a gallon, and, taking wages \$4 a day, he must get \$1.21 a gallon.

Yours truly,

F. W. DEVOE & CO.

P. S.: The Gainesville Hardware Co. sell our paint.

## SIGNALS OF DISTRESS

Gainesville People Should Know How to Read and Heed Them.

Sick kidneys give many signals of distress.

The secretions are dark, contain a sediment.

Passages are frequent, scanty, painful.

Backache is constant day and night. Headaches and dizzy spells are frequent.

The weakened kidneys need quick help.

Don't delay! Use a special kidney remedy.

Doan's Kidney Pills cure sick kidneys, backache and urinary disorders.

Gainesville evidence proves this statement.

Mrs. L. de' Yampert, 107 W. Arlington street, Gainesville, Fla., says: "My kidneys were disordered for some time and I could find nothing that would relieve me. My back ached constantly and I was subject to sick headaches, dizzy spells and chills. I had a constant feeling of lassitude and the least exertion tired me. I read so much about Doan's Kidney Pills that I decided to give them a trial and procured a box. This remedy drove away all pains and aches and I am today in good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## Will Build Fine Home.

P. M. Colson, who recently sold his handsome home on Alachua avenue, has decided to build in College Park. He has just received his plans for a large up-to-date 8-room residence that he will have erected at once in the new section of the city. It will be located in the block next to Prof. Blair.

## A Pleasant Physic.

When you want a pleasant physic give Chamberlain's Stomach and Liver Tablets a trial. They are mild and gentle in their action and always produce a pleasant cathartic effect. Call at any drug store for a sample.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Pensacola ranks second of the ports of the United States in the importation of mahogany, handling last year no less than 8,500,000 board feet, while New York, the leader in this business, imported 12,000,000 board feet.

Banish indolence, young man. It is bad enough for the old to take leisurely short steps, and to rise up from their seats with remarkable deliberation and an audible groan; but for you to do so is intolerable. Be wakeful and spry, else the train of adversity will run over you.

Some men do a great deal of work without stopping every man they meet to give him a minute detail of the pluck, vim, skill and cash every performance demanded. Other men plow powerfully over a very small job. They succeed well in blowing themselves but nothing else up.

Peach culture is receiving more attention in Alachua county than for years past but not such as this desirable fruit deserves. There are particular parts of the county where all varieties of the peach can be grown to perfection, and we have for a long time felt it to be a strange circumstance that in such parts their cultivation has been much neglected or entirely abandoned. We hope there will be a revival of nurseries and orchards. It will pay to grow more peaches.

The sound, "rice and rye," is euphonious. Old citizens tell us that during the war the combination was successfully made by some planters. The flour of rye made most palatable batter bread. Rice in a large number of families has always substituted wheat bread to a great degree, and oat meal has largely substituted hominy for the breakfast meal. Here we have three of the most nutritious cereals, which can be luxuriantly grown all over Alachua county. Rice and rye, oats and corn, in abundance, would sustain every man and beast in the country. But nothing will do but that we must send abroad for these supplies; and not only these, but for much of our sugar, meat, Irish potatoes and onions. What abject slaves we all are to the East and West!

The Starke Telegraph says: "We note that several of our contemporaries are pleased to refer to the decision of the United States court of appeals in the drainage tax matter as a 'great victory for the State.' That all depends. It is never a great victory for the State or any other civil division to wring tax money from its citizens to be wasted. It was not a great victory, for instance, for the citizens of Hillsborough county when their officials saddled upon them a bonded indebtedness of four hundred thousand dollars and gave them in return less than twenty miles of indifferent 'good roads.' There was no victory about the transaction, either great or small. It was an outrage, pure and simple. Whether there is a victory in the collection of the Everglades drainage tax remains to be seen, for developments up to the present time have not demonstrated the wisdom of the drainage scheme. If land owners in the drainage district are compelled to pay a heavy tax and it turns out that the money has been frittered away in an impracticable scheme the State's victory will be a very sorry one indeed."

## PRESIDENCY OF UNIVERSITY.

The Pensacola News of recent date has a "heart to heart talk" with the Board of Control of the higher educational institutions of the State, in which it makes a very earnest plea in behalf of President A. A. Murphree, of the Florida Female College, at Tallahassee, as the proper man to be elected president of the State University at the meeting of the board in the near future. Prof. Murphree is fortunate in his champion, for the News goes elaborately into the case and files a strong brief in behalf of the Tallahassee educator. But what about Dr. Sledd, now president of the University? Does he want to retire, or is he not giving satisfaction? If the newspapers are to discuss this question let his side of the case be heard. The interests of the University are, of course, paramount. In selecting a president the controlling motive should be to get the man who can be most effective in developing the school into a great University where the youth of Florida shall throng by hundreds every year to get higher education equal to the best to be had in other States, and in arousing the pride of the people of Florida in its behalf to the end that it may secure an ample patronage representative of all parts of the State. But adequate scholarship and learning should go with executive ability, and these two in combination should control the situation regardless of personal prejudice or preference in favor of any particular individual. It is a matter of large importance to the educational interests of Florida to have the right man at the head of the State University, for he who occupies that position is sure to impress his individuality upon the school either beneficially or otherwise, as is clearly shown by every prominent institution of learning in America. We have heard no complaint or criticism of the president of the University of Florida, but the article in The Pensacola News is likely to arouse discussion as to his successor, and the importance of the matter can hardly be overrated.—Live Oak Democrat.

The Sun regrets to say that the general sentiment of the people of Gainesville is that Dr. Sledd is not the right man for the head of the State University. And this sentiment is not confined to Gainesville; the editor has heard the same sentiment expressed by leading citizens from every section of the State.

Personally, Dr. Sledd is a fine gentleman, and is universally esteemed for his noble traits of character, but he has signally failed to make of the University what was and is expected of it. Possibly the people expect too much, but they are at least entitled to better results than have so far been obtained.

The Pensacola News has correctly stated the situation: A man is needed at the head of the University who has demonstrated his ability to "do things." Dr. Murphree is such a man, and if he can be prevailed upon to take the presidency of the University the Board of Control should lose no time in calling him to the chair.

## Card of Thanks.

Editor Sun: Please allow me space in your paper to thank my kind friends and dear brothers in giving me their votes which enabled me with a thankful heart to receive the ring in the contest.

I cannot find words sufficient to show my appreciation and thanks to you.

I hope someday I may have a chance to show my appreciation otherwise than words.

I once again thank each and every one for your kind votes.

Sincerely,

MARTHA ENGLISH.

Micanopy, Fla., March 13.

Take Hall's Family Pills for constipation.

## Death of Mr. Sparks.

Mr. W. A. Sparks died at his home near Montecito in Alachua county, just across the Bradford county line, Sunday morning, February 7th, at 11 o'clock. He was about 45 years old at the time of his death and the disease to which he succumbed was catarrh of the stomach. The remains were interred at Mt. Sinai cemetery, near Graham, Monday afternoon, Rev. W. F. Malphurs performing the church ritual, after which Masonic honors were paid the dead, he having been a member of Pine Hill Lodge. A large concourse of people witnessed the interment.

The deceased came to this section from Georgia a few years ago and by an upright life and many kind actions was highly esteemed and liked by all who knew him. He was a devoted member of the Mt. Sinai Baptist church. He leaves his wife, two sons and three daughters to mourn him.—Starke Telegraph.

At the last regular meeting of the county commissioners of Volusia county received a petition asking that an election be held for a change of the county seat from DeLand to some other place in the county. The petition contained more than a thousand names, and it is understood that New Smyrna is the strongest candidate for the honor.

## A Hurry-Up Medicine.

Every housekeeper recognizes the need of effective remedies to be used in emergencies—when something must be done right away. Such a remedy is Perry Davis' Painkiller, for sprains and bruises, for strained muscles and for the aches and pains resulting from blows and falls. Burns and cuts are instantly relieved by it and helped to healing. Its mission of mercy began seventy years ago. It is used in all countries and millions of bottles are sold annually. There is but one Painkiller, Perry Davis'. Have you seen the new large 35c size?

## Protect Your Landed Holdings!

The only approved way to do this is to secure a complete Abstract of Title to each piece of land you claim, and see that the title is perfect. A few dollars spent this way will save you many times the amount in cash and the satisfaction that you get from the knowledge that your titles are clear is worth more than the price.

Moral: Do not worry about your title, but have an Abstract from

## NEWS FROM ALL PARTS OF FLORIDA

\$300,000 is to be expended in St. Johns river improvements.

The Publicity Club of Tampa is having valuable publications distributed, advertising the South Florida city.

Levy Brown and Della Milner, both negroes, were arrested in Pensacola charged with setting fire to the house in which they were living.

The old court house at McClenny has been suitably fitted up for use as offices and has been rented so as to bring the county a substantial revenue.

Mrs. Harriet C. Ford of Cleveland, O., died at Ormond Saturday night of abdominal hemorrhage, the result of a fall from a horse while out riding Saturday morning.

Two alleged negro crooks are behind the bars in Jacksonville. The police believe they have two of the slick rascals who have been breaking into houses in that city.

Although the shipping season has hardly begun yet the vegetable business over the Florida railroads is already quite up to the capacity of their respective freight services to care for it.

The First National Bank of Pensacola has increased its capital stock from \$300,000 to \$500,000. Twenty-nine years ago this institution began business with a capital stock of \$50,000.

A baggage car on the S. A. L. railway on the Orlando division was set on fire by the explosion of a lamp and had to be carried nearly six miles while burning to a siding, where the car was sidetracked and allowed to burn.

### Race Suicide

Is not nearly the menace to increase in population that deaths among infants are. Eight out of ten of these deaths are directly or indirectly caused by bowel troubles. McGee's Baby Elixir cures diarrhoea, dysentery, sour stomach and all infant ailments of this nature. Just the thing for teething babies. Price 25c and 50c per bottle. Sold by W. M. Johnson.

A mad dog made its appearance on the streets of Live Oak last Monday and bit a number of dogs before he was run down by City Marshal Kin-kaid and killed. To make sure the dog was mad the head was sent to the Pasteur Institute at Jacksonville Monday afternoon for examination and test, and Tuesday morning Mayor McNeill received a telegram from the institute stating that the test proved beyond the question of a doubt that the dog had a genuine case of hydrophobia.

### Unequaled as a Cure for Croup.

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson, of Waynetown, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by all druggists.

The United States Government has selected a site for the new Federal building at Miami to cost \$15,000. The building is to cost about \$160,000 and Miami residents are making an effort to get the Government use as a building material the famous Miami stone.

### Lovers

Of good health should prevent sickness instead of letting themselves get sick and then try to cure it. So long as you keep your liver, bowels and stomach in a healthy and active condition you won't get sick. Ballard's Herbine relieves constipation, inactive liver and all stomach and bowel troubles. Sold by W. M. Johnson.

The want ads. do more real estate business than all other brokers combined—in fact, they "start" most of the business that the brokers and agents finish.

# THE BUSH & SAFFORD PIANO CONTEST

In Which a Resident of Alachua County Will be Awarded a Beautiful Howard Piano, and 18 Certificates Valued at \$3,150.00 Furnished by The Bush & Safford Piano Co., Sole Representatives of The R. S. Howard Co. of Miami, The Contest to be Conducted by THE SUN in Behalf of Bush & Safford. : : : : :

## \$3,550.00

One \$400.00 HOWARD Piano will be given to the person residing in the County of Alachua who receives the highest number of votes between December 15th, 1908, and 10 p. m. April 15th, 1909 : : : : :

## Additional Gifts

In addition to the Piano there will be issued by The Bush & Safford Piano Co., on a new \$400 Howard Piano, eighteen Transferable Due Bills, same to be used as a first or initial payment on a new Howard Piano. These due bills will be given in this voting contest as follows, to persons residing in Alachua County:

To the first six receiving the next to the highest vote, a due bill for each for.....\$200.00

To the second six receiving the next highest vote, a due bill for each for.....\$175.00

To the next six receiving the next highest vote, a due bill for each for.....\$150.00

These due bills may be used by the winners or can be disposed of to anyone for any value they may see fit, and will be worth their face value upon the purchase of one of these new pianos.

In the event of a tie for any prize offered, a prize similar in all respects thereto will be given each of those tying.

## How and Where to Get Votes

The following merchants will give one vote for every cent paid into their establishments for goods which they handle:

The Gainesville Hardware Co.  
Phifer Bros.  
Hyde & Tench.

### Where Votes May Be Cast

Ballot boxes will be found in the establishments of the merchants giving votes and at The Sun office. Votes sent by mail must be directed to the Voting Contest Department of The Sun, Gainesville, Florida.

## Rules and Regulations

1. The contest is open to anyone living in Alachua county who is known by the conductors of the contest or vouched for by some reputable person, to them well known.

2. No employee, attaché or relative of the proprietors of the above-named firms are eligible to participate in this contest, and will participate in no manner.

3. In the event of a misunderstanding between candidates or others interested in this contest, such controversy may be referred to the conductors of contest, who alone are the persons qualified to render decisions.

4. In the event a candidate decides to withdraw from the race, such candidate will not be allowed to transfer votes to the credit of another candidate in the contest.

distributing votes is undesired by the proprietors

**MRS. BAILEY BADLY INJURED IN RUNAWAY**

**FAMILY HORSE CAUSES HER TO FALL FROM BUGGY.**

Wheels of Vehicle Pass Over Body and Badly Bruise Her—Resting Very Well Last Night.

A runaway horse which was being driven on Friday afternoon by Mrs. R. Bailey of North Gainesville will cause that lady much pain for the next several days.

The animal became frightened and when he shied Mrs. Bailey was thrown from the buggy, all wheels of the vehicle passing over her body. Friends who were near picked her up and had her taken to her home, and while everything possible has been done to ease and comfort her, she is still suffering a great deal.

How badly she was injured could not be learned, but it is not thought that she is injured internally. She is now under the treatment of a physician and everything possible will be done to allay her sufferings.

The horse was stopped before it had done any damage to the vehicle or to its mad flight down the street.

**Prof. H. A. Howell, of Havana, Cuba, Recommends Chamberlain's Cough Remedy.**

"How long ago as I can remember my father was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its value until now," writes Prof. H. A. Howell, of Havana, Cuba. "On the night of February 3rd our baby was taken with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to hold him in the arms every moment. After then his breathing was difficult. I did not think he would live until morning. At last I thought of my father's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under such circumstances I would not hesitate to recommend in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by all druggists.

**Epworth League Meeting.**

The young people of our city are cordially invited to our meetings. Begin promptly at 3:30 p. m.

Topic, "Christ Our Pattern."

Question—What features of my pattern do I find most attractive? Second—Are some parts of His life hard for me to follow?

Topic, by the Misses Kenebrew.

Third—Can we really pattern our lives after Jesus?

Collection.

Remediation.

**For Diseases of the Skin.**

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbed itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It soothes the itching and smarting almost instantly. Many cases have been cured by its use. For sale by all druggists.

**Thought He Knew.**

Mrs. Grew-John, do you know what you said in your sleep last night? Mr. Grew-John—Oh, yes; I suppose I said, "Maria, for heaven's sake, let me get in a word edgewise!"—Chicago Tribune.

**A WOMAN'S APPEAL**

Read knowing sufferers of rheumatism, whether in the joints, sciatica, lumbago, headache, pains in the kidneys or neuralgia, to write to her for a home treatment which has repeatedly cured all of these troubles. She tells in her story to all sufferers how she cured herself at home as thousands have done. You cannot discover banishes uric acid from the blood, and loosens the stiffened joints, restores the blood, and brightens the eyes, restores vitality and tone to the whole system. If you are interested, you, for proof address Mrs. E. Summers, Box 15, South Bend, Ind.

# TUMOR OF FOUR YEARS GROWTH

**Removed by Lydia E. Pinkham's Vegetable Compound**

South Bend, Ind. — "Lydia E. Pinkham's Vegetable Compound removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They said that only an operation could help me. I am very glad that I followed a friend's advice and took Lydia E. Pinkham's Vegetable Compound, for it has made me a strong and well woman, and I shall recommend it as long as I live."—Mrs. MAY FRY, Lindley, Ind.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy—tumor. If you have mysterious pains, inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy, and should give confidence and hope to every sick woman.

**If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.**

**SEA ISLAND COTTON.**

Prices and Demand Remain Quiet in Savannah Market.

SAVANNAH, Ga., March 15.—The market for Sea Islands was quiet early in the week, and there was only a small scattering business until the last day or two, when more demand appeared. Considering the moderate offerings fair sales were made, but a good part of the business reported consisted of deliveries from the interior and shipping out of previous purchases. Prices held about steady. Buyers seem unwilling or unable to pay anything more than the basis which has been ruling for some time, and holders refuse to accept anything less. The market closed steadily with not much cotton obtainable at quotations.

Sales for the week were 1,125 bales. The following prices were based on factors' quotations and are revised weekly on Fridays:

Fancy Floridas	.....19	@20½
Fancy Georgias	.....19	@20
Ex. choice Fla's	.....17	@18
Ex. choice Georgias	.....17	@17½
Choice Ga's and Fla's	.....15	@16
Ex. fine Ga's. and Fla's	.....14	
Fine Ga's. and Fla's	.....12	@13
Com. Ga's. and Fla's	.....10	@11

CHARLESTON, S. C., March 13.—Sea Islands: Receipts, 29; exports, 29; sales, 75; stock, 1,460. Market steady; fine, 20; fully fine, 22c; extra fine, 23c.

**Simple Remedy for Lagrippe.**

Lagrippe coughs are dangerous, as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. J. W. McCollum & Co.

**His Defence.**

Cobble—You certainly have a good cook. By the way, where do you get your servants? Stone—From our neighbors. When we hear of a good one among them we offer her more money to come with us. Cobble—But, my dear fellow, is that honorable? Stone—Why not? Can you develop a sense of honor with a poor digestion?—Life.

"My three-year-old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wolkush, Casimer, Wis. J. W. McCollum & Co.

The Sun office for calling cards.

# LITTLE CHILD'S LEG ACCIDENTALLY BROKE

**LITTLE SON OF GEO. DAMPIER SUFFERS MUCH PAIN.**

Is a Baby of Eighteen Months, and Another Child Was Carrying Him at Time.

George Lee, the little 18-months-old baby of Geo. Dampier of Hague, happened to an accident on Friday that will cause the child much pain for some time to come, and will interfere with its walking for life.

Together with the other children he was playing in front of the house, when one of the little girls, Lollie, picked him up to carry him into the street. In making the trip she fell, and in some manner the little fellow's leg got caught and twisted under her body, with the result that the bone was broken just above the ankle of the right foot.

No physician being near the members of the family set the broken member as best they could and bound it up, but he has suffered great pain since the accident. Besides being badly injured it will make him a cripple for life, and the accident is deeply regretted by the little sister.

**Hicks' CAPUDINE Cures Sick Headache**

Also Nervous Headache, Travelers' Headache and aches from Grip, Stomach Troubles or Female troubles. Try Capudine—it's liquid—effects immediately. Sold by druggists.

**FOR CITY MARSHAL.**

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,  
BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,  
CHAS. C. WARREN.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.  
CHAS. M. DELL.

**FOR TAX ASSESSOR.**

To the Voters of the City of Gainesville:

I respectfully announce myself a candidate for City Tax Assessor for the year 1909. Having been Tax Assessor for four years, I am fully prepared to fill the office, as my record will show, the city assessment having been increased in that time from a little over \$600,000 to over \$1,000,000. I was prevented from running for this office last year on account of sickness, and now respectfully solicit your votes.  
W. M. BRADFORD.

To the Voters of Gainesville:

I hereby announce that I am a candidate for re-election to the office of City Tax Assessor for the year 1909, in the election to be held on April 13th, and most earnestly request you all to give me your vote and support for the position.

Thanking you for your past endorsement, I remain, Yours very truly,  
B. R. COLSON.

How can any person risk taking some unknown cough remedy when Foley's Honey and Tar costs them no more? It is a safe remedy, contains no harmful drugs, and cures the most obstinate coughs and colds. Why experiment with your health? Insist upon having the genuine Foley's Honey and Tar. J. W. McCollum & Co.

# HUMORS IN THE BLOOD

When the blood is pure and healthy the skin will be soft, smooth and free from all eruptions or disease, but when the circulation becomes infected with any unhealthy humor the effect is shown by eruptions, pimples, boils, or some more definitely marked skin disorder, such as Eczema, Acne, Tetter, Psoriasis, Salt Rheum, etc.

Humors get into the blood, usually because of an inactive or sluggish condition of those members whose duty it is to collect and carry off the waste matter and refuse of the system. This unhealthy matter is left to sour and ferment and be absorbed into the blood, and soon the circulation becomes filled with an acrid, irritating humor.

The blood then, instead of performing its natural duty of nourishing the skin, regulating its temperature and preserving its uniform softness, pliability and healthfulness, irritates and diseases the delicate tissues and fibers around the pores and glands and produces some of the various forms of skin eruption or disease.

The cause of all skin affections can be traced to some kind of humor in the blood. Healthy cuticles are only possible where the circulation is pure; and therefore the cure of any skin disease can only come from a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., cannot cure. True such treatment relieves some of the itching and discomfort, helps to reduce inflammation, and aids in keeping the affected parts clean, but it does not reach the blood, where the real cause is located, and at best can be only palliative and soothing.

S. S. S. cures skin diseases of every character and kind because it purifies and cleanses the blood. It goes down into the circulation and removes the humors that are causing the trouble, builds up the weak, acrid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils, and all other skin diseases and affections. S. S. S. is made entirely of roots and herbs, a safe vegetable remedy. When S. S. S. has driven the humors from the blood, and cooled and purified the acid-heated circulation, every symptom passes away, the skin is again nourished with rich, healthful blood, and comfort is given to disease-tortured skins.

S. S. S. cures Poison Oak, Poison Ivy, Nettle Rash, and all other troubles due to a humor-laden blood. Book on Skin Diseases and any medical advice free to all who write. S. S. S. is for sale at all drug stores.

S.S.S.

PURELY VEGETABLE

THE SWIFT SPECIFIC CO., ATLANTA, GA.

**Pat's Services.**

Clergyman—Pat, there's a hole in the roof of the church, and I am trying to collect money sufficient to repair it. Come, now, what will you contribute? Pat—Me services, sor. Clergyman—What do you mean, Pat? You are no carpenter. Pat—No, but if it rains next Sunday O'll sit over the hole.—Pearson's.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Cures backache and irregularities that if neglected might result in Bright's disease or diabetes. J. W. McCollum & Co.
